FROM THE PRESIDENT

Every year we're excited to reach out to you and highlight our many Member Benefits designed to benefit you, your family, and your career.

As you can see from our Mission Statement below, one of our important tenets is to protect and promote the well-being of our members. One way we can do this is to provide valuable programs that offer savings and excellent insurance and financial products to you. An additional advantage these programs offer is the savings you can enjoy, which can offset the cost of your association membership.

This Highlights brochure gives a brief overview of the CTA Member Benefits Program and includes many popular NEA Member Benefits. You will see that they provide quality, value, savings, and choice. In addition, our programs have been vetted and we provide oversight including advocacy in the event members seek assistance with one of these endorsed programs.

Troy Liggins
Fontana Teachers Association

My wife and I have been CTA members for over 25 years. CTA Member Benefits Department website, pre-conferences, and convenience has made us extremely satisfied with their services. Member Benefits partnerships has saved us 1000's of dollars over our 25 years. We are especially happy with our relationship with California Casualty and The Standard.

Chapter Leaders, take note:

We know that Chapter Leaders frequently receive questions about the benefit options available to CTA members. The information below is designed to help you answer some of the questions that members may have about the CTA-endorsed Disability and Life Insurance Plans.

Why do I need Disability and Life Insurance?

Disability and Life Insurance are critical components of any financial plan. Disability Insurance helps to protect against the loss of income that could occur if you are unable to work due to illness, injury, pregnancy or childbirth. It can be used for expenses that medical insurance doesn't cover – like your rent or mortgage, utilities, groceries, childcare or other bills. You can think of it this way: medical insurance pays the doctor, while Disability Insurance pays you! Life Insurance provides protection for loved ones who might experience financial difficulties if you were to pass away. CTA offers this coverage to give members the opportunity to fill in any coverage gaps.

What is special about these plans?

The CTA-endorsed Disability and Life Insurance plans were designed by CTA and The Standard to meet the specific needs of CTA members. The plans have a number of great features, including coverage for disabilities that occur on or off the job and access to the CTA Advisory Panel on Endorsed Services.

Who is The Standard?

The Standard is the only CTA-endorsed provider of Disability and Life Insurance. They've been protecting their customers since 1906 and insure more than 8 million people nationwide, including more than 75,000 CTA members*. Each year almost 5,000** CTA members turn to The Standard for help during a time of need.

In addition to offering Voluntary Disability and Life Insurance, The Standard also offers employer-paid plans endorsed by CTA. More than 180* school districts in California participate in these unique group Disability and Life Insurance plans.

If you are interested in arranging a special enrollment opportunity for your chapter or would like to learn more about the voluntary or employer-paid insurance plans available through The Standard, simply call their dedicated CTA Customer Service Department at (800) 522-0406.

Elizabeth Marroquin
Riverside City Teachers Association

"After 30 years of coverage through another insurance carrier, we were quoted a substantial savings to convert a house and car insurance over to California Casualty. Less than a year after purchasing California Casualty, we had tile in our home lift up in front of the fireplace. California Casualty sent a representative immediately to investigate. Fortunately, it was not a methane leak, but poor craftsmanship. I appreciated California Casualty's promptness and follow through. "
